

FOOD & FUEL DRIVE

November 1-30

With ongoing delays in **SNAP, LIHEAP, and WIC** assistance, Huntingdon County families are facing mounting challenges – from keeping food on the table and heat in their homes to affording basic household and personal care necessities.

The Huntingdon County United Way is expanding our United We Care Closet to temporarily include nonperishable food – and we're inviting community partners to help us fill the shelves.

FUEL THE WARMTH

Give the Gift of Heat

As temperatures drop and heating costs rise, many Huntingdon County families are struggling to stay warm.

Your donation to the United We Care Fuel Fund provides emergency heating assistance through our partner agencies

- 100% of donations stay local.
- Every \$100 can help a family heat their home for a week.
